

VIRAT KOHLI STRATEGY ANALYSIS

AGAINST MUMBAI INDIANS

2020 season Record of Virat Kohli

Bowler	Bowler_type	Dismissal_type	Ball_at
Sam Curran	Seam	Caught	Wide on off
Kartik Tyagi	Seam	Caught	In slot , at 4th stump
M Shami	Seam	Caught	Short Ball
Kagiso Rabada	Seam	Caught	Length ball outside off
Rahul Chahar	Spin	Caught	Off stump (4th stump)
Sheldon Cottrell	Seam	Caught	Short Ball
T Natarajan	Seam	Caught	Short Ball

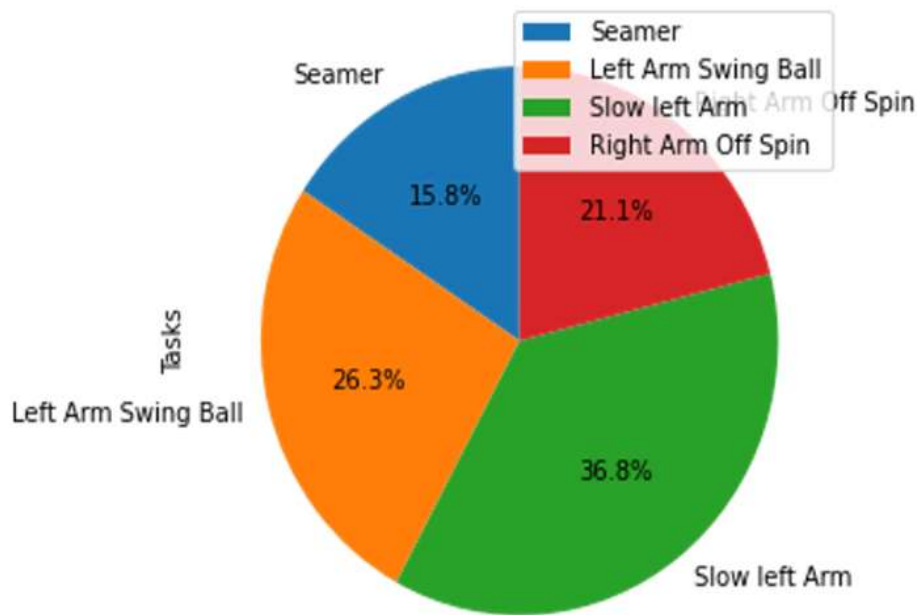

From the above records, we can clearly see that Virat Kohli has been dismissed 6 times against seamers & just one time against spinner (Rahul Chahar) i.e. A googly just outside off stump.

PLAN A:

1. So, the first plan to dismiss him would be to get his wicket with seamers if he comes in powerplay overs. The ball should be just outside the off stump (out swing) moving away from batsman.

	bowler	batsman	dismissal_kind
157707	HH Pandya	V Kohli	caught
166408	JJ Bumrah	V Kohli	caught
172054	J Behrendorff	V Kohli	caught

2. The record's of 2018-2019 season denotes as well that he had been dismissed by a seamer.
3. If Virat Kohli comes in middle overs to bat the best option to get him out is SHORT BALL (Got out 3 times this season with short balls).

Kohli's dismissal against bowler type this season

Plan B:

- If Kohli doesn't get dismissed against seamers, the plan B would be to use a right arm off spin bowler in today's match it would be RD Chahar.
- Although, Virat Kohli has been dismissed majority time by pacers, his record against right arm off spin bowler's hasn't been good as well.
- This season, he got dismissed by Rahul Chahar in 1st head to head of MI vs RCB as well. The bowl that Chahar had bowled was googly.

Summary: To dismiss Kohli

- 1) A seam up delivery just outside the off stump (4th stump) if he comes in powerplay. If he comes in middle overs, bowl a short ball at his helmet on stumps.
- 2) A googly ball outside off stump.
